Authors are invited to submit 1-page digest, in line with the themes of the conference, in the format available on the conference web site. All digest must be submitted in PDF format directly on the conference website via the online submission system. Digests sent via email or regular mail will not be processed or acknowledged. After a peer-review process, the authors of the accepted short papers will be invited to present their research work at SMM25, by oral or poster presentations, and to submit 4-page full papers for possible publication in a special issue of a Journal (envisaged in the Journal of Magnetism and Magnetic Materials). More details about the format are posted on the conference web site. Authors will be informed of the status of their submission via e-mail on 15 December 2021. For any further information, please contact the workshop organizers at mm25@sciencesconf.org

2. Styles
